

Dear Students and Parents of the 2023-2024 HSC Cohort

The beginning of Term 1 marks the commencement of the school year. We are pleased to welcome you to the school and to the start of a new chapter in your education. The school year begins on Thursday, 27th September 2023. We look forward to a successful and productive year ahead.

The Turrumurra High school's Senior Student Mentor Program is run by teaching staff. It is an optional program which offers the opportunity (at the student's discretion) to access personalised mentoring, with some set activities that model successful academic behaviour.

Teachers can offer to mediate discussion with classroom teachers and the student for clarification of work expectations or assistance in work not understood; advice concerning academic skills, including editing work (with the understanding that the advice does not constitute a promise or improved marks); and/or help sourcing academic aid from amongst school staff and resources.

Due to the importance of the information contained in this letter, and to ensure that every student and parent or caregiver has received and read this information, students and parents or caregivers are asked to complete the Acknowledgement form attached and return it to the front office.
